Step 2: Microphone Setup

1. Connect **Receiver Jack** to **Receiver**

2. Wrap **Strap** around top of tripod

3. Connect **Receiver Jack** to the microphone adapter (the pink one) of the **Microphone Splitter** on one end and the phone/iPad on the other

   This end will plug into iPad or phone. This is the only jack that will accept microphone input.
Step 2: Microphone Setup

4. Pair the Bluetooth Receiver and Microphone by turning them and holding them near each other until the blue lights stay on solid blue

5. Hang Receiver on Strap that is attached to the tripod

6. Hang Microphone onto instructor
